80 S Highway Dr
Valley Park, MO 63088

- One piece, wind Resistant Aerodynamic front roof cap which reduces: wind turbulence, interior noise, vibration & improves fuel economy
 - The roof cap is mounted directly on top of the cab to prevent water leaks
- Single seam roof construction with two rows of rivets for enhanced strength & prevents water leaks
- One piece steel reinforced fiberglass front & rear roof cap
- Rust & corrosion resistant aluminum rear emergency door with full length steel reinforced glass & three-point latch
- Stamped pan-formed steel floor for increased strength & less corrosion
- Heavy duty vinyl aisle moldings to cover seams in floor (vinyl strips snap in & will not rust or corrode)
- Polyurethane heat-treated Sherwin Williams exterior paint
- The best warranty in the Type-A market, featuring 3-year/60,000-mile bumper-to-bumper coverage
